U.S. EXPORT SALES

- Outstanding Export Sales
(Unshipped Balances)
on **FEBRUARY 3, 1980**

- Export Shipments in
Current Marketing Year

- Daily Sales Reported
FEBRUARY 4-10, 1980

--As Reported by Exporters

Outstanding export sales as reported by private exporters and compiled with other data in this release give a snapshot view of the current contracting scene. At any given time in the course of a marketing year outstanding sales do not bear a consistent relationship to eventual export shipments. A meaningful export projection is not obtainable by the simple device of adding outstanding sales to exports to date. The latter data, alone, may provide a more reliable measure of current export activity than may be derived from a year-to-year comparison of outstanding sales.

EXPORT SALES REPORT

Comments on release of February 14 (based on reports from exporters for the week ending February 3, 1980):

Wheat: Buyer/importer interest diminished after 3 fairly heavy weeks. Brazil and Japan were the largest buyers, with numerous other countries adding smaller quantities to existing contract balances. Minor changes in outstanding sales to several destinations were reported as a result of contract adjustments. Exports of 574,300 metric tons (MT) showed a modest improvement over last week's level.

Corn: The net increase in sales (1,684,700 MT) indicates a strong importer demand. Japan, China, and several European countries were the most significant buyers. Lesser quantities were added by numerous other countries. Sales to unknown destinations declined as final destinations were assigned. Principal beneficiaries were the Netherlands, Italy, China, U.K., and Czechoslovakia. Exports (950,400 MT) were down and marked the first time since the week ending November 11th that exports were less than 1 million metric tons.

Barley, Oats, and Rye: Showed no significant activity.

Sorghum: Market interest picked up from the level of the past couple of weeks as significant sales were reported to Japan and unknown destinations. Exports (242,300 MT) continued at a fairly brisk pace.

Rice: Exporter interest was modest as sales were reported to the EC, Yemen Arab Republic, Nigeria, and unknown destinations. Sales of 8,800 MT to Iran were cancelled. The export pace (76,800 MT) picked up.

Soybeans: Net sales (363,500 MT) declined again this week. Net sales to the Netherlands (109,400 MT), and Japan (58,600 MT) continued strong. Destination switches from unknown increased sales to the Netherlands by 16,100 MT and to Spain by 20,300 MT. Exports declined to 490,300 MT. Heavy shipments to the European Community (294,800 MT) and Japan (88,100 MT) highlighted the week.

Soybean Meal: Net sales (288,600 MT) rose sharply. The Netherlands (114,100 MT) was the leading buyer. Destination changes from unknown increased sales to the Netherlands (17,100 MT), and France (13,700 MT). Exports (157,600 MT) declined slightly. The European Community (69,500 MT) and Eastern Europe (62,500 MT) were this week's major destinations.

Soybean Oil: Net sales for the week of 5,600 MT were unimpressive. Sales to unknown destinations declined as India was designated as the final destination for 13,500 MT. Exports rose to 40,000 MT, largely to India (31,500 MT).

Cotton: Sales activity slowed. MY 1979/80 sales of 66,900 RB were mainly to Japan - 52,700 RB and Korea - 17,200 RB. MY 1980/81 sales expanded 30,600 RB, principally to Japan. Exports were large as 201,300 RB were shipped -- 23 percent to Europe and 74 percent to Asia, including 24,400 RB to China.

Data on transactions reported under the daily reporting system for February 11-17, 1980 appear on page 6.
